# SIGMA BETA CLUB OPERATIONS MANUAL

## INTRODUCTION

The Sigma Beta Club originally called the "Beta Club" is a premier National Program whose existence dates back to the early 1950. It was launched under the guidance and leadership of the Honorable Dr. Parlett L. Moore, 20<sup>th</sup> International President, while serving in the capacity of National Director of Education. Throughout its existence, Sigma Beta Club has been an essential part of the total organizational structure of many of our Alumni chapters in Phi Beta Sigma Fraternity, Inc. and offers men of Sigma a unique opportunity to develop wholesome value, leadership skills, and social and cultural awareness of youth at a most critical stage in their personal development. Sigma Beta Club has also provided badly needed services to youths in their respective communities. There is no question that Phi Beta Sigma Fraternity, Inc.'s interest in fostering the development of today's youth into effective leaders of tomorrow can be realized in the establishment of strong and productive Sigma Beta Club in each Alumni chapter in the Fraternity.

During the 1999 National Conclave held in Dallas, Texas, the membership of the Fraternity approved by constitutional amendment the establishment of a Sigma Beta Club Foundation with a 501C3 designation. Section X (5) of the Constitution and By-laws provides the following:

### "5. Sigma Beta Club Foundation

There is hereby established the Sigma Beta Club Foundation. It shall be administered by a Board of Directors of not less than nine (9) nor more than fifteen (15) members, unless and until the composition of the Board of Directors is changed in the Articles and By-Laws of the Foundation. There shall exist in each of the seven (7) Regions of the Fraternity a Regional Division of the Sigma Beta Club Foundation, which shall assist the Foundation with its goals and objectives in each of the seven regions of the Fraternity. Sigma Beta Clubs shall be authorized at the Alumni levels and shall carry out the goals and objectives set forth by the Foundation through a National Programmatic Thrust involving the National Programs and Projects of Phi Beta Sigma Fraternity."

Pursuant to said constitutional amendment, and per the rationale and intent for its establishment, the Fraternity is required to incorporate the Sigma Beta Club Foundation and to acquire a 501C3 tax-exempt designation. Alumni Chapters are encouraged to establish Sigma Beta Club in their respective chapter locations. Where feasible and practical in cities with more than one chapter, Alumni chapters are encouraged to jointly establish one Sigma Beta Club in that city.

Each Alumni Chapter with Sigma Beta Club or who are in the process of establishing Sigma Beta Club will be required to receive training and instruction on carrying out Sigma Beta Club activities on an annual basis, particularly as it relates to a unified national program focus involving a Job Mentoring Program in Bigger & Better Business, a Sigma Education Time Tutorial Program in Education, and a SATAP Plus Program in Social Action. Sigma Beta Club are not excluded from implementing its ongoing activities or other activities determined by the chapter from time to time, but are encouraged to implement the above-prioritized national programs to establish uniformity throughout the Fraternity.

## RATIONALE

The purpose for an organization such as the Sigma Beta Club is many. The Club, being an organization for young male students, gives them an opportunity to meet with each other on a regular basis outside the school atmosphere to discuss their interest and problems. The Club also gives its members a chance to meet with college and professional men on a regular basis; therefore, exposing the membership to various viewpoints of educational advancements. The club introduces its members to the national programs of the fraternity through the unified national program focus involving the Job Mentoring Program in Bigger & Better Business, Sigma Education Time Tutorial Program in Education, and SATAP Plus Program in Social Action. The club will also participate in the other programs of the fraternity National Programs under Education, Bigger and Better Business, and Social Action.

Sigma Beta Club programs are geared to meet the needs of its members, while at the same time provide them with a well rounded outlook that is needed to cope with today's society. The enrichment programs are cultural, social, and athletic. They are designed to give members a chance to be innovative, thereby instilling self confidence and a feeling of accomplishment. Service projects such as community clean-up, assistance to the elderly, March of Dimes, etc, will thrust Club members into community involvement. This involvement will give Club members a feeling of being part of community development.

The club motto is:

Next Generation of Leaders,  
Accepting the Responsibility,
